

1-3 JULY 2026

3RD PATRAS APPLIED MICROECONOMICS (PAM) WORKSHOP

The Department of Economics at the University of Patras in collaboration with King's College London and the gentle backing of the Hellenic Observatory Centre (LSE), are excited to announce the 3rd Patras Applied Microeconomics (PAM) Workshop. The PAM Workshops bring together researchers and academics to exchange ideas, foster collaboration, and discuss new advances in applied microeconomics. Our focus is on empirical applications of microeconomic theory that address policy-relevant questions and enhance our understanding of micro-level behaviour, market dynamics, policy interventions, and their implications for decision-making and welfare. Special emphasis is given to contributions in Labour Economics, Economics of Education, and Health Economics. However, submissions from other fields of applied microeconomics are also welcome.

CALL FOR PAPERS

IMPORTANT DATES:
February 10, 2026
March 10, 2026
April 30, 2026

KEYNOTE SPEAKER:
Felipe González
King's College London

ORGANISING COMMITTEE:
Ioannis Laliotis
Dimitrios Minos
Nicholas Giannakopoulos
Vassilis Monastiriotis

**FOR MORE INFORMATION,
VISIT OUR WEBSITE**

**pamworkshop.
upatras.gr**

Format & Structure:

This year's **PAM** Workshop will be hosting a keynote speaker's presentation and around 12 research papers, to be presented in plenary sessions of about 45 minutes each. Participants are encouraged to present their recent or ongoing research findings related to the any of the fields of applied microeconomics listed above.

Submission Guidelines:

There are no submission fees. Please submit your working paper to be reviewed by our committee. **Submission deadline is on February 10, 2026.** The paper should be clearly outlining the objectives, methods, findings, and implications of your research. You can submit your paper here: pamworkshop@upatras.gr

Workshop Venue:

Department of Economics, University of Patras, Rio Campus, Greece

- Information about the venue is provided [here](#)
- Location of venue on Google Maps is provided [here](#)

Registration:

There are no registration fees. Accepted presenters will receive additional information about their travel and accommodation in due course.

We are excited to receive your work and anticipate another vibrant **Patras Applied Microeconomics (PAM)** Workshop this year. Let us come together to advance the applications of microeconomic theory and contribute to evidence-based decision-making across various sectors.
